Hand Scanner User Guide

How to set up your hand scanner

Unboxing

When you receive your Shopiago Trade-in hand scanner, the box will include:

-  The hand scanner
-  USB to Type B connector cable

Setting up

1. Insert the Type B end of the cable into the bottom of the hand scanner. Make sure you hear it click when you insert the cable.
2. Plug the USB end into your laptop or computer.
3. The hand scanner will be ready to use straight away.
